8. Operational Period Debrief

General Remarks / Accomplishments:

During this operational period, Hazard Evaluation (HE) Teams (19) conducted and completed assessments in Liberty County, Chambers County, and Montgomery County. Identified 24 targets with nothing significant to report. HE Assessment Status: 100% complete in Liberty County and Chambers County, 70% complete in Montgomery County, 10% complete in Austin County.

Air Recon Team (1) conducted an aerial overflight in the morning to reassess Freeport, Baytown, Kemah, and Anamac Counties with nothing significant to report. Conducted an aerial overflight in the afternoon of Austin, Matagoda, and Colorado counties with 06 targets identified in Matagoda County.

Discharge Assessment Teams (6) assessed 15 targets, discovered 02 semi-submerged vessels, and inspected 14 floated vessels at Seashore Marina with nothing significant to report. The Discharge Assessment Group also identified potential locations for staging pending the implementation of salvage plans and operations. There was 01 significant incident to report: ETOCO, L.P. reported a large spill estimated 1,600 gallons position 29.8173981, -95.0793405. Sector notified ESF10 this morning and determined the incident was storm related. Sector Houston has been working on it since August 31st. Flood waters have receded and the source is contained. Overflight was conducted today.

Air Monitoring Team (1) has nothing significant to report.

Data as of 1900 on Monday 04SEP17:

Orphan Containers: 125
Open-assessment required- 47
Leave in place Closed- 15
Leave in place Open- 11
Recovery required Open- 50

Facility Discharge Targets:100
Open-assessment required- 32
Open-clean-up in progress- 25
Closed-clean-up complete- 17

Vessel Discharge Targets:71
Open-assessment required- 17
Open-clean-up in progress- 22
Closed-clean-up complete- 16

Branch Bravo Staffing: 53 personnel in field. Daytime ops only.
